Monaco

Full-grain genuine leather that defines the term “ageing gracefully”. Carefully treated with our oils and waxes to ensure a two-tone effect that develops character over time.

Monaco Leather

Like all our Leathers, Monaco is made of the highest-grade hides to create an unaltered, full-grain finish. This top-quality leather develops a rich patina (sheen) over time. A hallmark of real leather.

CLS - 309

A medium Brown shade with a red undertone.

Berlin

Experience the feeling of opulence and luxury with our smooth Nappa Leather. Finished with layers of pigment to give the appearance of pure dyed leather but with durability for frequent use. The smooth grain paired with a consistent colour finish makes this leather durable and beautiful for both commercial and domestic settings.

Berlin Leather

Nappa leather is a full-grain, Leather made from Buffalo. In this case, full-grain means that the skin surface has not been altered apart from hair removal. Such leather is regarded as the most authentic as it keeps all the texture from the hide.
